

Ruby Slim Lamp

The Zone heating lamp with the high performance-A ruby jacket is applied to the lamp which cuts down glare. They are ideal for people heating

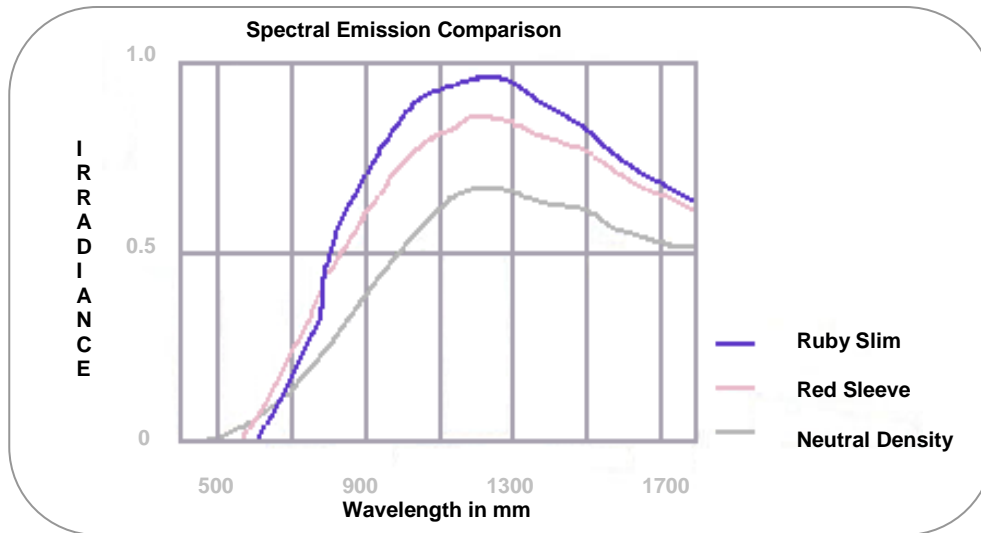

Product Features

- With a lifetime constant colour
- Manufactured from doped quartz of only 10.5mm
- The lamp produces more than 20% more Infra Red Irradiance than conventional ruby jacketed and neutral density lamps.
- Because of the chemistry of the quartz no coating can evaporate or change colour throughout its life.

Application

- People Heating
- Animal Heating
- Paint Drying
