

Twin tube infrared lamps

Victory Lighting has a long history of expertise in producing high quality infrared emitters for a wide range of industries. These include a broad range of twin tube lamps for a variety of industrial processes. They include short wave, medium wave and fast response medium wave lamps, in a number of single ended and double ended configurations.

Victory twin tube lamps are made of high quality quartz and were designed by Victory's engineers to yield high radiation power as well as to provide excellent mechanical stability. They are available as clear, or coated with Victory's renowned SRC500 and Gold coatings.

High power with high quality

- High quality quartz
- Excellent mechanical stability
- Clear or coated
- Single or double ended connections
- Industry standard 'ABC...' lamp types

Applications include:

- Printing industry
- Plastics processing
- Food processing
- Curing
- Finishing
- Lacquer drying
