Gold and Low Glare Gold Infrared Lamps

Gold and Low Glare Gold lamps use a precision multi-layer vacuum-coated film for greater control than traditional dip coating. This ensures consistent colour, fewer pinholes, and enhanced stability. A specialised dichroic film tailors light output, making these lamps ideal for paint curing and people-centred environments where warmth is needed without harsh glare.

Victory's manufacturing process uses state-of-the-art vacuum deposition technology to apply a precise dichroic film onto tubular surfaces. This advanced coating enhances the performance of gold and low-glare gold infrared lamps by selectively reflecting visible light while allowing infrared radiation to pass through. Gold lamps deliver efficient heat with a warm glow, while low-glare versions reduce visible brightness, making them ideal for visually sensitive environments like hospitality and retail. Victory's expertise ensures consistent quality, long life, and high energy efficiency.

Product features

- Multi-layer vacuum coated film more accurately controlled than with dip coating
- Constant colour over entire length and from one batch to the next
- Reduced occurrence of pinholes
- Enhanced stability of the coating over lamp life

Applications

- Drying and curing of paints, coatings and adhesives
- Plastic welding and forming
- Customer comfort heating - cafes, hotels, patios
- Warehouse spot heating

Technical Data

Gold and Low Glare Gold Infrared Lamps

Standard Gold Lamp

Low Glare Gold Lamp

Gold vs Low Glare Gold

Gold Infrared Lamps

Reflect more infrared energy forward, improving efficiency.

Low Glare Gold Lamps

Have a special coating that reduced visible brightness while maintaining heat output, ideal where visual comfort is important.

The list below shows details of Victory's most popular gold and low glare gold lamps.

Code	Watts (W)	Volts (V)	Length (mm)	Cap	
64121070	1000	120	353	SK15	Gold
64241372	1300	240	254	R7s	Gold
64241571	1500	240	353	SK15	Gold
64242070	2000	240	353	SK15	Gold
6424157F	1500	240	353	SK15	Low glare gold
6424157G	1500	240	353	SK15	Low glare gold
6424157H	1500	240	353	SK15	Low glare gold
6424207C	2000	240	353	SK15	Low glare gold
6424207D	2000	240	353	SK15	Low glare gold
