

**Job Title:** Production Operative

**Location:** Leighton Buzzard

**Job Type:** Full-Time, Permanent

**Salary:** £26,000.00 - £28,000.00

**Reports To:** Quality Assurance Manager

## Job Summary:

We are looking for reliable and hardworking **Production Operatives** to join our team at a well-established UK-based manufacturing company. The successful candidate will be responsible for operating machinery, assembling products, and ensuring production targets are met while maintaining high standards of quality, safety, and efficiency.

---

## Key Responsibilities:

- Operate machinery and equipment safely and efficiently on the production line.
  - Assemble, pack, or process products according to company specifications and quality standards.
  - Carry out routine quality checks and report any issues to the supervisor.
  - Maintain a clean and safe working environment, following health and safety guidelines at all times.
  - Meet daily production targets and report any delays or faults in machinery.
  - Follow standard operating procedures (SOPs) and work instructions accurately.
  - Work collaboratively with team members and support other departments when required.
  - Participate in training and development opportunities to improve skills and performance.
- 

## Requirements:

- Previous experience in a manufacturing or production environment is preferred but not essential (full training provided).
  - Good attention to detail and commitment to producing high-quality work.
  - Physically fit and able to stand for long periods and lift materials when required.
  - Reliable, punctual, and able to work as part of a team.
  - Willingness to work shift patterns, including early mornings, late evenings, or weekends, if required.
- 

## Desirable:
