

Reduce production costs for PET

Victory IR Lamps provide greater efficiency and longer life

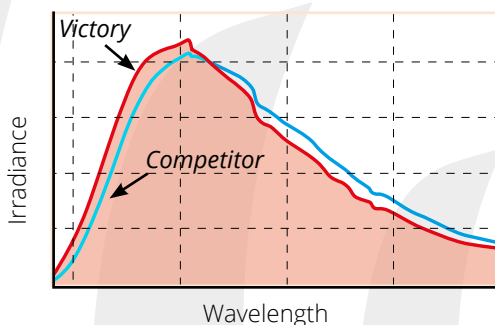

Clear lamp

Trusted by manufacturers

Tests of Victory PET Lamps against major competitors prove they provide more energy per watt, resulting in reduced production costs for each bottle produced. They also offer longer a life span, reducing replacement costs and down time.

For these reasons, Victory PET Lamps are used by many equipment manufacturers throughout the world, and are the preferred choice of PET manufacturers.

Spectral performance compared to major competitor

- High efficiency: reduced running cost
- Life 5000+ hours: reduced replacement cost
- NIR C Shaped Lamps
- Most energy-efficient reflector coating
- Compatible with all machine models
- Clear or ceramic coated
- Clear lamps compatible with external reflectors
- 1000W – 3000W
